SERVICES

Lords

Technical Services Pvt. Ltd.

1 Boiler Inspection Services

We are Govt. of Punjab Authorized 3rd Party Boilers Inspection Service Provider. We are ISO 9001:2005 Certified Company with the Highly Professional Staff with years of industrial inspection experience.

Boiler inspections are done by trained and certified technical specialists who are experts in the inspection of boilers. Given the high degree of specialization required for boiler inspections.

SERVICES

2

Pressure Vessel Inspection Services

LORDS TECHNICAL SERVICES (PVT) LTD's all-inclusive Pressure Vessel In-Service Inspection programs can help plant operators apply inspections, maintenance, performance verification and preventive failure assessment to improve productivity and mitigate costly. According to the Punjab Boilers and Pressure Vessels Safety Board (Departments of Industry, Trade, Investment and Skill Development) provides detailed instructions on Pressure Vessels Inspections and the interval of Pressure Vessels inspection. This inspection would be a thorough internal and external inspection, with the boiler cool and under no pressure.

SERVICES

3 Calibration Services

LORDS TECHNICAL SERVICES (PVT) LTD Provides the following Calibration Services to the Pakistan's Top Leading Industries.

Calibration of Mechanical Equipment

- Pressure Safety Valve
- Pressure Relief Valve
- Pressure Gauges
- Pressure Switch
- Pressure Calibrator
- Pressure Transistor
- Pressure Comparator
- Vernier Caliper
- Micrometer
- Screw Gauge
- Depth Gauge
- Surface Profile Gauge
- Master Level
- Dial Indicator
- Torque Wrench
- Tri-square
- Measuring Tape
- Regulator
- Hygrometer
- Temp. Gauge
- Temp. Sensor
- Thermometer

Calibration of Electrical Equipment

- Multi Meter
- Clamp Meter
- Volt Meter
- Ampere Meter
- Megger
- Dew point
- Thermometer Gun
- Transmission Simulator
- Power Supply
- Decade Resistor
- Capacitance Box
- Multi-Function Calibrator

SERVICES

3 Calibration Services

Calibration / Inspection of Lifting Equipment

Material-handling devices: including cranes, derricks, fork-lifts, truck-mounted cranes, shackles, hooks, elevating platforms, and tele handlers

Personnel handling devices: such as elevators, escalators, ski lifts, cable cars and mobile elevating work platforms (MEWPs)

Services also includes:

- Checking of brakes, clutches, sheaves, and wire rope assemblies
- Design studies and calculation reviews
- Dynamic and static load testing
- Inspection of all the structural load bearing members, including sheaves
- Checking crane girders, rails and columns of overhead cranes to assure structural integrity
- Line level and span crane gantry surveys
- Non-destructive testing (NDT) of load hooks for cracks and visual inspections for distortions
- Operational tests to assure that your unit is functioning properly
- Periodic inspections and inspection prior to use of mechanical, structural, electrical, and safety systems, as well as of wire ropes and chains
- Re-examination of all safety devices
- Regulatory compliance assessments
- Remnant life assessment
- Repairs supervision

SERVICES

4 SPARE PARTS (MECHANICAL & ELECTRICAL)

General Items

- Machinery Parts
- Packing Material
- Fire Extinguishers
- Safety Equipments
- Angles
- SS Sheets
- Industrial Tools

Electrical Brands

MITSUBISHI

OMRON

FUJI

TERASAKI

SIEMENS

HITACHI

Electrical Equipments

- Relays, Timers
- Cables, Panels
- SMDs, UPS
- Switches
- Inverters
- Enameled Wire
- Street Lights
- Moisture Testers
- Circuit Breaker
- Magnetic Contactor
- Distribution Boards
- Digital Hi-Tester
- LED Tube Lights
- Light Energy Saving Equipments
- Industrial Lights
- Industrial Tube Lights

SERVICES

Lords

Technical Services Pvt. Ltd.

Electrical Items

- Air Vent
- Fire Tube
- Steam Tap
- Steam Dome
- Steam Burner
- Burner Assembly
- Feed Water Inlet
- Pressure Switches
- Water Return Tube
- Boiler Access Door
- Soot Blowers
- Exhaust Pipe
- Brick Lining
- Boiler Shell
- Boiler Casing
- Safety Valves
- Water Sampling
- Boiler Supports
- Water Level Alarms & Cut out Assembly
- Combustion Chamber
- Furnace Drain Valve
- Steam Pressure Gauge
- Water Level Indicator
- Water Level Controller
- Bottom Blow Down Valve
- Defoaming (scum) Valve
- Main Steam Outlet Valve
- Flue Gas Pressure Gauge
- Steam Temperature Gauge
- Pressure Gauge with Cock
- Flue Gas Temperature Gauge
- Exhaust Gas Pressure Gauge
- Feed Water Temperature Gauge
- Exhaust Gas Temperature Gauge
- Manholes Mud Holes & Peepholes
- Remote Water Level Transmitter

Industrial Pumps

Rotodynamic Pumps

- Low Head - Axial Pump (Propeller)
- Medium Head - Centrifugal Pump Mixed Flow type
- High Head - Centrifugal Pump Radial Type

SERVICES

Lords

Technical Services Pvt. Ltd.

Positive Displacement Pumps

Reciprocating - Piston / Phmer / Diaphragm Pump
Rotary Pumps - Gear / Screw / Vane Pump

Bearing

All Kinds of Bearings are available Roller Bearing, Tapper Bearing, Ball Bearing & Needle Bearing.

Brands: SKF, NTN, FAG, NACHI, UBC

Belts

All types and size of belts are available

Brands: HABASIT, REPLON, NITTA, SANCHARSTAR

Types: Industrial Conveyor Belts, Timing Belts (SANCHARSTAR), Round Belts, Double Leather, Single Leather, Synthetic Material Stockiest of HABASIT, REPLON, FAG & UBC

Industrial Motors

AC Motors:

- Induction Motors
- Synchronous Motor
- Commutator Motor
- Wound Rotor Motor
- Squirrel Cage Motor

DC Motor:

- Shunt Motor
- Series Motor
- PMDC Motor
- Compound Motor
- Separately Excited Motor

SERVICES

Lords

Technical Services Pvt. Ltd.

Special Motor:

- Stepper Motor
- Brushless Motor
- Servo Motor
- Universal Motor
- Reluctance Motor

5

BOILER AUTOMATION

Complete Boiler Automation

PLC Installation

RLC Electric Panel

Digital Heavy weight Scale Calibration

Repairing & Mechanical Works

SERVICES

6 BOILERS

We deals in New & Used Boiler

IMPORTED BOILER

- Steam Boilers
- Steam Generators

BOILER MAINTENANCE

Steam Boilers, Steam Generators, Thermal oil heater, Hot Water Generators, Pressure Vessels Storage Tanks

ERECTION & INSTALLATION

Erection, Installation & Commissioning of Steam boilers, Oil heaters, Waste Heat Boilers.

FUEL CONVERSION

Boilers & Oil Heaters Fuel Conversions systems on Solid Fuels (Coal, Biomass) and Liquid Fuels.

WASTE RECOVERY SYSTEMS

Waste heat Boilers, Heat Recovery Steam Generators, Economizers, Air Pre Heaters, Heat Exchangers.

OVERHAULING SERVICES

Boilers, Steam Generators, Oil heaters etc. Complete overhauling services.
